This is a company announcement being made by the Company in compliance with Chapter 5 of the Listing rules:

### QUOTE

The Company has operations in Libya and has had a subsidiary located there since 2007. The current political scenario in Libya has caused the Company to significantly curtail its activities in that country. The exceptional nature of the instability that has been created in Libya is being kept under close review by the directors with the aim of obtaining reliable information that should enable them to assess the possible impact that this may have on the Company's operations both in the short and the longer term. However, the level of uncertainty as well as the integrity of the information being received is such that it would be premature to make any assessment of the situation at the moment. The Company continues to service its clients from its base in the Malta Freeport.
